Plans 1269-R

24 In my opinion the carpenter, and store-keeper should certainly be omitted. A whole time carpenter cannot be necessary in a chemical laboratory, as a permanent measure. If enquiries are made as to what work the carpenter will do the situation will became clear. As regards store-keeping, the demonstrator should certainly be able to do the work. The grant for Europe stores and contingencies seems excessive — it may be reduced to about Rs 1200/- but this is a matter which depends on the number of students & the Administrative Branch can get figures & discuss the matter further.

25

NOTE—Contn sheet

GPE—65 COC—1 C 1

Serial No

27 It seems to me that it would be quite possible to get on without appointing an additional Assistant Professor for the first year But the Principal of the College has forced our hands by making the University Inspector endorse his request so that we were asked to bind ourselves to make the appointment from the beginning of the coming academical year There is little to be gained by putting off the appointment and laying ourselves open to the charge of not fulfilling one of the conditions on which affiliation was given We may appoint an Assistant (or a Demonstrator) on 150 Rs a month — on probation for two or three years at first

28 I should have proposed a demonstrator on 100 Rs in ordinary circumstances but we have an applicant who has taken the MA degree in Chem

Note— Co tn sh t

CPB—50 000— 12 8 10

Serial No

mistry and has had a year's post graduate training in the Institute of Science He has some family claims also, it is said for employment in the State Service I think that he may be employed on 150 Rs a month

24) I had a Consultation with the DG the Principal & Mr. Usher yesterday They assure me that a Carpenter will have full work in mending wooden articles of apparatus & making new articles of simple pattern, and that he and the Metal work Mechanic employed for the Physical Science laboratory can between them save expense proportionate to their pay for Govt. We may sanction the employment of a Carpenter as a temporary employee

30 For the laboratory attendants I think the present scale

G R S 12]
General and Revenue Secretariat

File No 163 of 1912-13

Serial No

of 8-12 for two of them is quite sufficient It will be enough to raise the place on 9 also to the same scale One or two increments may perhaps be advanced in the case of each of the D.G. should recommend it

2 I believe their clothing allowance has been stopped I do not know of any question is pending about it, but as their clothes are particularly liable to damage, and as it is quite proper that such men who go about among the Students should be decently clad I think this allce may be renewed

3 As for the Storekeeper it is quite possible that the work may be tacked on to one of the Assistants or Demonstrators But it is work of a lower order and can be quite as efficiently done by

Serial No

by an inferior man It will of course lessen the quantity of higher work that may be done by the other officials I would therefore sanction a Store Keeper on 30-2-40 instead of 40-2-50 as proposed

33 For stores 1500 Rs was entered as sufficient in the estimate made in 1908 This amount may be now sanctioned, and if more is required, the DG may send up a detailed explanation The Agricultural ~~Chemist~~ Chemist Laboratory has believe only 2000 Rs

34 These items (as noted ~~the margin~~) may be sanctioned

Submitted to His Highness

Sds 4 17 & 18 Incorrect
Endorsed

The Inspector General of Education states that the marginally noted additional staff etc are required for the Chemistry Section of the B A Classes to be opened in the Central College, Bangalore with effect from the 1st July 1913 The Financial Secretary for reasons given by him on page 8 of the Notes is of opinion that the carpenter and store-keeper should be omitted and that the grant proposed for Europe Stores and contingencies seems excessive and may be reduced to about Rs 1,200 But he leaves this to be decided by the Administrative Branch after further discussion, regard being had to the number of students attending

		Average cost
1	Asst Professor of Chemistry on pay Rs 200-25-300	Rs 273⅓ per mensem
2	A carpenter on Rs 30 per mensem	30 per mensem
3	Store-keeper on Rs 40-2-50	46⅔ per mensem
4	Increase of pay to Laboratory attendants	
	1 on Rs 9 to Rs 10-1-12	7 2/5 per mensem
	1 on Rs 8-1-12 to Rs 10-1-12	
	1 on Rs 8-1-12 to Rs 12-1-16	
Total Establishment,		357⅔ per mensem
or Rs 4,288⅘ per annum,		
Europe Stores & Contingencies		Rs 3,000
Grand Total		Rs 7,288⅘ per annum

2 The views of the First Councillor which are concurred in, in the main, by the Second Councillor, are recorded on pages 9-12 of the Notes

3 I agree with the Councillors in their views and recommend that sanction may be accorded to the appointment of

(1) an Assistant Professor of Chemistry on Rs 150 per mensem on probation for 2 years

(2) a Store-keeper, temporary on Rs 30-2-40

(3) a carpenter, temporary, on Rs 30/

and to raise the pay of the attendant on Rs 9 to Rs 8-1-12

(15

As regards Europe stores, I think it sufficient for the present to provide a sum of Rs 1,500 subject to increase on further application of the Inspector General with a detailed explanation

5 The question of sanctioning clothing to the Laboratory attendants will be separately investigated

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 7849 / 436 Edn

Bangalore 17th January *191*3

From M Shama Rao Esq M A
Offg *Inspector General of Education in Mysore*

To
K R Srinivasiengar Esq , M A
Offg Secretary to the Government of His Highness
the Maharaja of Mysore General & Revenue Departments

Sir

With D. No 248 dt 9-1-13 FQ 7-1-13 163-12

With reference to para 3 of Government Order No 4436-7/Edn 166 12-2 dated 21st December 1912 I have the honour to submit herewith a copy of letter No 248 dated 9th January 1913 from the Principal Central College in regard to the additional staff &c required for the teaching of Chemistry in the College I have already given my opinion in my previous letter

I have the honour to be

Sir

Your most obedient servant

M Shama Rao

Offg Inspector General

T N R

Letter No 248 dated 9th January 1913 from the Principal Central College Bangalore to the Inspector General of Education in Mysore

---

With reference to your endorsement No 7220/766 dated 4th January 1913 on Government Order No 4436-7/Edn 163-12-2 dated 21st December 1912 I have the honour to state that the amount spent on Chemistry up to the present has been spent on providing for the teaching of Intermediate Chemistry and the Chemistry of Branch II A of the B A Course The amount of Rs 15 000/- now asked for is necessary to provide for the teaching of Branch II B Mr F L Usher is drawing up the detailed orders for the various firms in England and Germany and they will be sent immediately

2 If Government are not convinced that an Assistant Professor will be necessary when the College begins to offer instruction in Branch II B I suggest that some member of Government should pay a visit to the College and inspect the work that is now being done Mr F L Usher would be able to explain the necessity for the addition to the staff now asked for The services of a carpenter in a Chemical Laboratory are just as necessary as the services of a mechanic in a Physics Laboratory

3 With reference to the Laboratory Attendants it is necessary to point out that a superior class of man is required and the rate of pay proposed is the very least that could be offered Considering the huge size of the New Building and the amount of preparation necessary for the number of students who do practical work it is not at all unlikely that the number may be found insufficient

4 I think that it would be only fair to give all the laboratory attendants (Physics as well as Chemistry) in the College the clothing allowance that was taken away a few years ago on the recommendation of the retrenchment committee I think I am correct in saying that the only reason given by the retrenchment committee was that these laboratory attendants were not brought into contact with the respectable public If the staff and students of the Central College are

held

held not to fall within that category the respectable public must be a very small one I should add that the clothes of the laboratory attendants are damaged with acids in the ordinary course of their daily work and it is impossible to walk with bare feet in the laboratory

---

To

K.R Srinivasa Iyengar Esq **M A**
Secretary to the Government of Mysore
General and Revenue *Departments*

Sir

I have the honour to forward herewith, the proposition statement, in duplicate received from the Inspector General of Education, relating to the appointment of an Assistant professor of Chemistry &c , and to state that the statement is verified and necessary alterations are made therein The proposition is to create a new appointment of Assistant professor of Chemistry on a monthly pay of Rs 200-25-300 and that of a Carpenter on Rs 30/- and to raise the pay of the three Chemistry Laboratory attendants from (9) and 2(8-1-12) to 2(10-1-12) and (12-1-16) If the proposition is sanctioned, it will result in an increase of Rs 301 $\frac{11}{15}$ per mensem or Rs 3,620$\frac{3}{4}$ per annum in the permanent recurring expenditure

2 It may be noted that in Government Order No 9876-80/Edn 324-06-9 dated 30th March 1908 sanctioning certain arrangements to adapt the Colleges to the requirements of the new University Reulations, the appointment of an Assistant Chemistry Professor has been provided for and there is now a Lecturer in Chemistry on the same pay as is provided for the place of an Assistant Professor of Chemistry in the Government Order quoted above The appointment of Assistant Pro-

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 12302/684

Bangalore 26th April 1913

From I Shama Rao Esq M A
Offg *Inspector General of Education in Mysore*

To
C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education &c

Sir

I have the honour to invite attention to para 3 of the Inspection Report upon the Central College Chemistry Laboratory and requirements by Mr Erlam Smith sent with my letter No 8768-9/480 of the 7th February 1913 and to state that out of the requirements therein contained recommendations have been made in regard to all of them except the store-keeper and the recurring annual grant of Rs 3 000/- for European stores and contingencies The general assurance I was directed to give the University in the General and Revenue Secretary's No 6139/Edn 163-12-9 dated 15th February 1913 covers all the items including these two

2 The Principal Central College writes to inform that the Laboratory building is now sufficiently advanced to allow of the

Chemical

Chemical Apparatus and stores being removed into it and requests that the Store-keeper referred to above may be appointed from the 1st of May 1913, on the scale Rs 40-2/1-50 I agree with the Principal in regard to the need for the appointment of a store-keeper from the 1st May next and request that Government orders may be obtained early for appointing one on the scale proposed, as the work involves responsibility and account keeping

I further request the favour of formal sanction for the recurring annual grant of Rs 3 000/- and order for its inclusion in the forthcoming budget

I have the honour to be,

Sir,

Your most obedient servant,

Offg Inspector General
